September 8, 2003

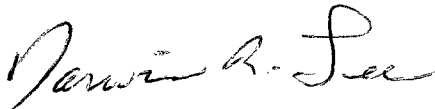

Water Docket, Environmental Protection Agency  
Mail Code 410T,  
Pennsylvania Avenue, NW  
Washington, DC 20460

Attention Docket ID No. OW-2003-0063

The EPA must realize the importance of using pesticides to control aquatic weeds in Irrigation District canal and lateral systems. With out this control irrigation as we know it now would not exist.

My support is for using these chemicals that are necessary to maintain clean and usable water for irrigation.

Sincerely,

Darwin R. Lee  
Project Manager
